239 Mayors Report – Matters of Urgency

a) Payment of final invoice for the Gwallon Lane play area. Council already agreed

cost, minute number 146.

Resolved – that the final payment is made.

- a) Opening of new play area, 19th October 2020. A special ‘thank you’ to members of the play area sub-committee for all their hard work and the whole council for delivering the project, a project the council can be proud of.
- b) Attended Mayors meeting, 19th October 2020. Number of items discussed.

Key issue for Marazion Town Council, Cornwall County Council are offering extra funding to town and parish councils to help with any extra expenditure attributes to Covid-19.

However, the eligibility criteria for applying is that large councils needed to have less than three months general reserves and small councils less than one-month general reserves. Consensus from the Mayors meeting was for councils to write to Cornwall County Council and explain why their council is not applying for the grant despite increased expenditure and explain that as a council which is financially diligent and well managed the council is being penalised. Councillors supported the writing of a letter to Cornwall County Council.

- c) 22nd October 2020 met with the CEO St Aubyn’s estate to discuss few issues. Cllr Collins and the Town Clerk present.
- d) 23rd October 2020 (am) attended a virtual meeting about the ‘Bay to Bay’ cycle route. Re-affirmed that the town council are in support of cycle routes however, there remains several concerns which have not been addressed sufficiently for the town council to support the Bay to Bay cycle route. The Chairman to relay the town councils’ position at the next meeting.
- e) 23rd October (pm) accepted an invitation from Ludgvan Parish Council to meet virtually with representatives from the parish council and a representative from Network Rail and an Officer from Cornwall County Council about re-opening the Marazion railway station.
Central Government appear to be keen to re-open stations and re-open routes that meet certain criteria which on the face of it Marazion train station meets some of the criteria. The local MP is keen on railway links.
Average cost of re-opening train stations, eight million pounds. A meeting between the train operator and Network Rail to take place regarding the viability of re-opening the station
- f) 29th October 2020, virtual meeting with Ludgvan Parish Council about issues that affect both parishes. Cllr Collins and Town Clerk also attended.
- g) Warspite Way – local Marazion people and the difficulties being met applying for a property. Cllr Reynolds and Read gave evidence that local Marazion people are unlikely to be successful. Application system appears flawed.
- h) Gave an update to the council about building enforcement on a property in North Street.

- i) Update on the Cornwall County Council 'Were Watching You' dog fouling campaign. The criteria for applying requires the appointment of a Community Ambassador who is required to carry out several functions. Campaign requirements appear onerous. An application will not be made.
- ii) Advised about the current Government Consultation Future of the Planning System. Council Association of Councils asking for town and parishes to write to their MP's giving evidence of how such changes would affect their parish. Discussion took place, the Town Clerk instructed to write to the MP stating that Marazion Town Council has no faith in any of the planning process.
- iii) The Town Clerk asked Councillors to help with addresses for local organisations.
